

August 2011

We are excited to bring to Tucson a premier baseball organization for youth. Baseball for Kids is an Arizona nonprofit corporation dedicated to providing professional instruction to youth in Tucson and the surrounding areas. We are looking for businesses in our community to help us promote our mission: To provide youth from Tucson and the surrounding areas with professional instruction and competitive baseball opportunities.

In its second year, we have a full roster of 22 athletic and highly motivated young people ready to take the field and play the game...*but we need your help!*

We are in need of sponsors and donations. Any funds or donations generated will help supplement the cost for uniforms, insurance, tournament fees, traveling costs, field use, lights and equipment. We understand that times are tough, and anything that you might be able to donate would be greatly appreciated. If you and your business are feeling the effects of a down economy, please take a moment to think about the players and their families, they too are feeling the effect.

Your generous donation will help provide local kids with competitive baseball opportunities who may not otherwise be able to afford it. We are a group of volunteers dedicated to teaching kids life lessons through baseball. *Your Support is Needed & Appreciated!* We are focused on teaching fundamentals, sportsmanship, and leadership. From this experience the kids will learn through repetition and discipline how to play this great game of baseball and develop terrific friendships.

If you pledge to sponsor or donate items to our baseball club team, our players and coaches will make a pledge to you in return. ***Every game we play, win or lose, we will give you reason to be proud that you have helped to sponsor the Baseball for Kids organization. As a team, we will exemplify hard work, good sportsmanship, respect for ourselves and others while having fun in "America's Greatest Game."***

Here are the levels of sponsorships for the 2011/2012 season (September – July):
